

win.COMPARE2 MASTER TABLE UPDATE NOTICE

*Table 5 Update Notification (Air Force Pay Rates)
Table 8 Update Notification (Cost of Capital Factors)*

(Tables) Rates and Factors Updated:

The following table updates have been implemented and included in this table update file.

1. (Master Table 5) The **2003 Air Force Military Composite Accelerated Pay** rates from AFI 65-503. Table A32-2 effective on January 1, 2003 and revised on February 5, 2003. The Air Force revised these rates in February to include updated OSD overhead support factors.
2. (Master Table 8) Updated the **2003 Cost of Capital factors** based on the revised factors in OMB Circular A-94, Appendix C, published in the Federal Register on February 6, 2003.

No other changes were made to the win.COMPARE2 tables during this update.

Refer to the Table Update History link on the Download page at <http://compare.mevatec.com> for a complete detailed history of all table updates for win.COMPARE2.

Release Information:

All updates presented above are included in this release of the win.COMPARE2 Master Table Update File.

This update file will be released and available for use by **9:00 am CST, Tuesday, 03/04/03.**

Update Instructions:

To obtain the newest version of the table, do the following:

1. Open win.COMPARE2 and click on the **Print/Update Master Tables** button.
2. Click on the green **WEB UPDATE** button on the Master Tables menu screen.
3. From the dialog box that appears choose the **Update All** option (recommended if unsure of which version of the master tables you are using) to update all tables or choose the **Update Specific Table(s)** tab and select the Table 5 option to only update Master Table 5. This will automatically download and install the update to the win.COMPARE2 master tables.

NOTE: Once the table update installation is complete, users must also update any existing cost comparison (.a76) files' study tables. The process described above only updates the MASTER tables not the STUDY tables.

If you need assistance or experience problems with the Table Update process/file,
please contact the
